HOW HAS THE FUND CHANGED?

Changes to the Fund's Fiscal Year:

On September 9, 2025, the Board of Trustees approved a change in fiscal year end for the Fund to December 31 from May 31. As of December 1, 2025 the Fund changed its fiscal and tax reporting year end to December 31 from May 31.

MANAGED DISTRIBUTIONS

While the Fund does not have a specific level of distribution, the Fund seeks to generate monthly income in a tax efficient manner. Under current provisions of the Internal Revenue Code, distributions in excess of the Fund's current and accumulated earnings are treated as a tax-free return of a shareholder's investment to the extent of the shareholders basis in the Funds shares, and generally as capital gain thereafter. A return of capital, which for tax purposes is treated as a return of a shareholder's investment, reduces a shareholder's basis in the Fund's shares, thus reducing any loss or increasing any gain on a subsequent taxable disposition of Fund shares. Current return of capital estimates for the Fund are available at the website www.neosfunds.com under the Fund's 19a-1 Notices.
